

Dreaming the Dolphin Sea

**April 5-11, 2020
Bimini in The Caribbean Sea**

The ocean is home. Home to the myriad of creatures who live beneath and swim through her fluid depth, home of origin for the human being and body. Blue Diamond Retreats and Wild Quest partner to offer an embodied exploration of the Ocean's majesty, dolphin magic, and the mystery of Continuum.

This retreat, lovingly facilitated by Amber Gray and Rebecca Lawson, combines breath-inspired sound-streams and movement explorations to invite us into curiosity and flow, with daily wild dolphin encounters. Dolphins are bright, playful and intelligent beings! They literally sense the field and will interact and play when called by our resonant presence and love. Our dolphin dives become portals to dream us home to our hearts.

Cost:

\$2015.00 inclusive of everything (double occupancy accommodation, meals, daily boat and dolphin adventures, Continuum classes). Not included is airfares, room upgrades, incidentals (massage, etc).

Amber moves from a diverse landscape of experience. As a dancer, 28 years studying and teaching Haitian dance led her to Continuum. As a human rights psychotherapist, she works with survivors of war and political violence, globally. She is an award winning dance/movement therapist, an animal rights activist, and lover of all things wild.
